## Polished

An elegant, reflective surface that is smooth to the touch. Our Polished finish emphasizes color and sets the tone for sophisticated spaces with its stunning luster. The sleek surface helps a room appear more spacious, adds luxury to interiors, and boasts remarkable style and endurance. Our standard finish is designed for life, requiring minimal care and maintenance.

## Honed\*

A satiny finish with low sheen and a natural, less formal aesthetic. Our Honed finish exudes an organic appearance with its low light reflection, while retaining a stylish, authentic quality with high design appeal. Smooth to the touch, yet soft on the eye, our Honed finish is in perfect harmony with both classic and modern design approaches.

## Concrete\*

A lightly textured concrete complexion that adds a sensorial dimension to any space. Our Concrete finish has a soft earthiness with low light reflection, similar to Honed but with a tactile effect. The surface evokes a natural feel that brings balance to a room, while delivering a classic industrial presence.

## Rough\*

This rich, complex, technologically advanced surface offers a compelling tactile effect, while still retaining a smooth profile that is inviting to touch. Our Rough finish has a distinctive, courser look with low light reflection, inspiring a modern industrial vibe. This finish is designed to reflect the authentic patinas of industrial materials, the variations in appearance capture real depth and movement, revealing different qualities that make each slab distinct.

## Natural

A slightly textured finish that conjures up the emotional caress of stone, adding warmth to the grain so it's pleasing to the touch. A satin sheen that gently reflects light—captivating the viewer and enhancing the depth of color, especially on darker shades.
